

# ANNOUNCING THE 2026 **CHARLES SCHWAB Young Scientist Award**

**Dr. Charles Schwab**

Schwab Consulting, LLC;  
Professor Emeritus,  
University of New Hampshire, USA

## Recognizing Excellence in Dairy Research

Building on the success of its inaugural year, Adisseo proudly presents the annual Charles Schwab Young Scientist Award, recognizing young researchers who are pioneering innovative approaches in dairy cow nutrition, physiology, and metabolism.

### Recognition

We aim to honor and reward a current, or recent, graduate student who conducts innovative research presented at the 2026 ADSA meetings, June 21-24th. The 3 finalists will be invited to participate at the Adisseo Wine and Cheese Reception. The student researcher with the best work will receive a cash award of \$1,500. We look forward to your participation and are excited to see the groundbreaking research contributions to dairy amino acid science.

### Application Process

- Application forms will be available online at <https://milkpay.com/youngscientist-award-competition/>
- Abstracts submissions must be reviewed and approved for the ADSA 2026 Annual meeting to be accepted.
- Must be a current or recent graduate student within 1 year post grad to apply.
- Accepted Research topics: Amino Acids and Protein nutrition and metabolism, and Nitrogen utilization.
- The application deadline is April 1st, 2026.

### Award Details

- Three finalists will be notified and 3 weeks prior to the ADSA 2026 meeting, and will be reimbursed for lodging.
- The selected winner will receive a cash prize of \$1500.
- The judging committee is comprised of industry leaders and Adisseo experts.
- The winner will be announced at Adisseo's ADSA Wine & Cheese reception

**We look forward to your participation and are excited to see the groundbreaking research contributions to dairy science.**
